

WINTER'S GLOW

HOLIDAY LIGHTING

Timeless Holiday Elegance.

PREPARED EXCLUSIVELY FOR **THE RENDLEMANS**
16 LOUISA DR.
JULY 24, 2026

Thank you for inviting Winter's Glow to design your home's holiday lighting. What follows is a proposal prepared for your property, with every detail considered and every season handled entirely by us.

A preview of your home, illuminated by Winter's Glow

Bespoke Design

Every display is thoughtfully designed to complement the unique architecture and character of your home, creating a timeless and elegant holiday presentation.

Premium Materials Included

We provide only professional-grade lighting and décor selected for beauty, durability, and reliability. There is never anything for you to purchase, maintain, or replace.

Season-Long Perfection

Should a bulb dim or an issue arise, we respond promptly, typically within 24 hours and always within 48, keeping your display looking as beautiful in December as it did on installation day.

Effortless Automation

Your lights are professionally timed to illuminate each evening and turn off later at night. Nothing to remember, nothing to manage.

Mountain Weather Assurance

After significant storms or high winds, we inspect and restore your display as needed, ensuring it continues to look its best throughout the season.

White-Glove Removal & Storage

When the holidays are over, we carefully remove your display and store everything for next season. No ladders, tangled boxes, or clutter, simply a seamless experience from beginning to end.

Priority Client Status

As a Winter's Glow client, you'll enjoy preferred scheduling and priority service in seasons to come, ensuring your home remains part of our calendar year after year.

Concierge Service Throughout the Season

From installation through takedown, every detail is handled for you. Should you need anything, one call or text is all it takes.

CHOOSE YOUR PRESENTATION

Three curated levels, each designed for your home and handled entirely by us from first light through storage.

The Estate

For a home that becomes the one people slow down to admire.
